BLUETOOTH MUSIC

Adding Bluetooth connection without changing the car's interior?
We make it possible. The Dension Compact BT is a universal hands free solution with built-in Bluetooth designed for playing music in cars equipped with FM radio or auxiliary input.

MAKE IT MATTER! KEEP CONNECTED.

COMPACT BT

Compact BT is a convenient hands free solution for your car and once connected it is armed with all your smartphones' functionality! The built-in Bluetooth makes the music streaming and voice navigation a flawless experience, while the external microphone (included) ensures perfect sound quality for your daily conversations. Connect the Dension Compact BT to your car audio system and feel the difference!

KEY FEATURES

- ▶ Connects through FM or AUX. Easily connects your device to the existing car audio.
- ▶ Pair a Bluetooth capable mobile phone for hands free calls (HFP).
- ▶ Listen to music from your phone streamed over Bluetooth (A2DP).
- ▶ AUX-in to retain your factory AUX connection option.
- ▶ Song information displayed through RDS or RDS text (only through FM connection).
- ▶ Universal external microphone for hands free usage.
- ▶ Invisible and easy installation, DIY capable with simple tools included in the package.

OPTIONAL ACCESSORIES

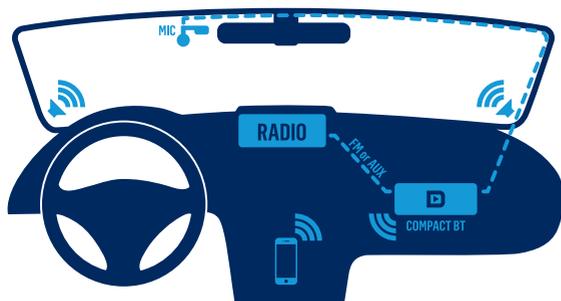

- ▶ **LIGHTNING CRADLE (IP6LCRP)**
Gives your phone stable hold and convenient usage, also charging possibility over USB.

- ▶ **AUXILIARY AUDIO CABLE (BLR1JJ1)**
The 3.5 mm Jack to Jack cable allows your portable audio devices (mobile phone, notebook, MP3 player, tablet etc.) to be connected to an auxiliary input.

- ▶ **MICRO-USB CRADLE (CRD1USB)**
Gives your phone stable hold and convenient usage, also charging possibility over USB.
